

cubs

The Cubs had a busy year in 2014; camping, adventure, discovering new things, learning new skills and making new friends. The Cubs have also completed a number of badges - 237 were awarded in 2014!

2014 started with pioneering and was followed by lots of mess with paper maché hot air balloons. We were well represented at St George's Day and did well in the Cambridge Cubs Athletics competition. During the summer term we visited the Indian Community and Culture Association (ICCA) to learn about the Hindu Faith and learnt to put up tents in preparation for the District Cub Camp. 16 Cubs attended that Camp for a weekend full of Cowboy themed activities. Several of those Cubs learnt the hard way that it's worth packing a coat, even in June! In the new academic year, six Cubs came with their families to Hallowtree in Ipswich for Family Camp and got to know other families with connections to all sections in the Group. Finally, the year ended on a high, with a visit from the birds of prey of the Raptor Foundation and the Cambridge District's and our own Christmas parties: more mess, more games and loo roll mummies!

In terms of leadership, it was quite a tough year as Akela stepped down, Rama returned to Canada and Hathi gave birth to Lily (hopefully she will return soon). The situation was helped by the influx of four regular parent helpers after our last AGM, so we are very much hoping for another influx this

year! Now would seem the right moment to thank those who helped us through it all the Pack really is very grateful.

The Pack is still full to the brim and we have some great activities and events planned for the rest of 2015, so hopefully the Pack will continue to flourish as we continue to try new things.
